BRIAN COOKSON

UCI PRESIDENT

What a pleasure to come to Val di Sole with our UCI World Championships for downhill, four- cross and trials.

We know this magnificent Trentino resort well, as it has regularly hosted rounds of the UCI Mountain Bike World Cup as well as the UCI World Championships in 2008. Each time, we have been treated to excellent organisation, fantastic courses, exciting racing and an incredible atmosphere.

I thank the organisers of this event, who are supported by sponsors, partners, volunteers and of course the Federazione Ciclistica Italiana and its President Renato Di Rocco, my colleague on the UCI Management Committee.

This year will be a true festival of mountain bike that also includes the UCI Masters World Championships. Two weeks of emotion, excitement and top-level racing await.

I wish everybody good luck.

ALDO BORDATI
OC PRESIDENT

I would like to express my own and the Organizing Committee's warm welcome to journalists and media operators: thank you for your interest in the event, I wish you all the best for the very important work you will carry out.

SERGIO BATTISTINI
GENERAL DIRECTOR

A sportsman's welcome to this World Championship; all the work done by the organization can show its importance to the world only thanks to your outstanding communication. All the best for your work and enjoy your stay in Val di Sole.

Fourteen days of races and two Worlds Champs, Elite and Masters. The mountainbike Uci World Championships are back in Trentino for the second time and in this occasion the Val di Sole doubles. After the successful experience in 2008 this holiday resort will play host to 2016 World Championships with a new format for Italy: amateurs will race together with champions.

The Masters World Championships will be held from 29 August to 4 September. Vermiglio will play host to Cross Country and Commezadura to downhill along trails planned for the event.

At the same time Vermiglio will also play host to World Trial races. The Great Events O.C. has decided to organize these Worlds entirely inside the natural environment of Val di Sole.

The second week of races will be dedicated to the Elite category, with Downhill and 4Cross events to be held in Daolasa. At least thirty thousand fans and mtb lovers are expected from 9 to 11 September. Athletes will race on the mythical Black Snake and on the 4X track at night.

2016 Val di Sole world events will start with the Val di Sole Marathon, to be held on 28 August with start and finish lines in Malè, consisting of two distances 35 and 61 Km. And on 5 September the young athletes Coppa Italia races will take place. It's a true Val di Sole Mtb paradise...

RACES IN DAOLASA

DOWNHILL 6th - 11th Sept.

The famous Black Snake is the Downhill track for 2016 Val di Sole World Championship. It is considered one of the most technical courses in the world and it was redesigned last year with new lines. The course is 300 meters longer in the upper section with a fast flow stretch and a thrilling road gap. It is a highly technical track overall, with some new school sections. The final part of 'the hell' remains the same, a wall of stones and roots before the Pippo Jump, back to its original splendour. It will surely feature a spectacular race!

Downhill (also referred to as DHI) is a race against the clock in which the rider cycles downhill on single tracks, just like alpine skiing, along trails with different levels of difficulty. The bicycles used to ride downhill can reach a speed of 80km/h owing to their special features: they have twin shock absorbers (ranging between 160 mm to 240 mm), a wider handlebar compared to normal mountain bikes, special hydraulic disc brakes and high-grip tyres.

4CROSS 6th - 9th Sept.

The 4Cross competition is a head to head race where four riders start together and battle down on a 600-meter track full of jumps, banked corners and natural terrain similar to boarder-cross. The two fastest proceed to the next round until the winner is crowned. About 100 athletes from all over the world will compete on Daolasa spectacular course.

Val di Sole features the longest track of the 4X Pro Tour circuit. It was set up on the occasion of 2008 World Championships. The famous PRO LINE includes three long and very challenging double jumps; it's a track where overtakes are breathtaking. The race will be held at night.

DH MASTERS 30th Aug. - 4th Sept.

The masters DH World Champs course will be on the Steep Snake track in the bike park Commezzadura. The start and the finish lines will be the same of the Elite DH World Champs, and the central part will be on the right part of the lift facility. Length: 2500 mt; Elevation gain: 500 mt.

An adrenaline-charged and exciting track where great champions raced.

RACES IN VERMIGLIO

TRIALS 29th Aug. - 3th Sept.

Trials is one of the most exciting and spectacular UCI cycling disciplines. Unlike other types of cycling disciplines, Trials is a sport where the main factors are the stability and the control of the bike in extreme situations where speed also plays an important role. The objective of this sport is to get over obstacles (both natural or artificial) grouped into sections, without setting foot on the ground otherwise the athlete gets a penalty point. There is a fixed time limit. The race is to be held in Vermiglio, in a completely natural environment where 10 different sections are set up for the 20" and 26" races.

XCO MASTERS 29th Aug. - 1st Sept.

The XCO race will be held along a 4.5 km long course (elevation gain/lap: 190mt) to be run several times depending on the athletes' category, located in the beautiful backdrop of the Vermiglio lakes area. The track is the historical one used for the Internazionali d' Italia Series, with some changes and with a brand new single track section. The XCO Masters UCI World Championships are open to athletes who do not have an Elite licence and who do not have UCI ranking points. The winners of each age group are awarded a World Champion rainbow jersey. The 19-29 age category is not valid for the Worlds rankings since UCI does not consider it as a Masters category.

COPPA ITALIA GIOVANILE

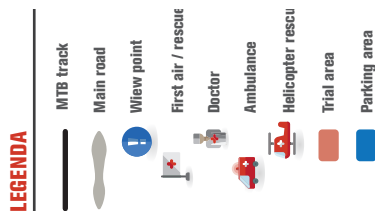

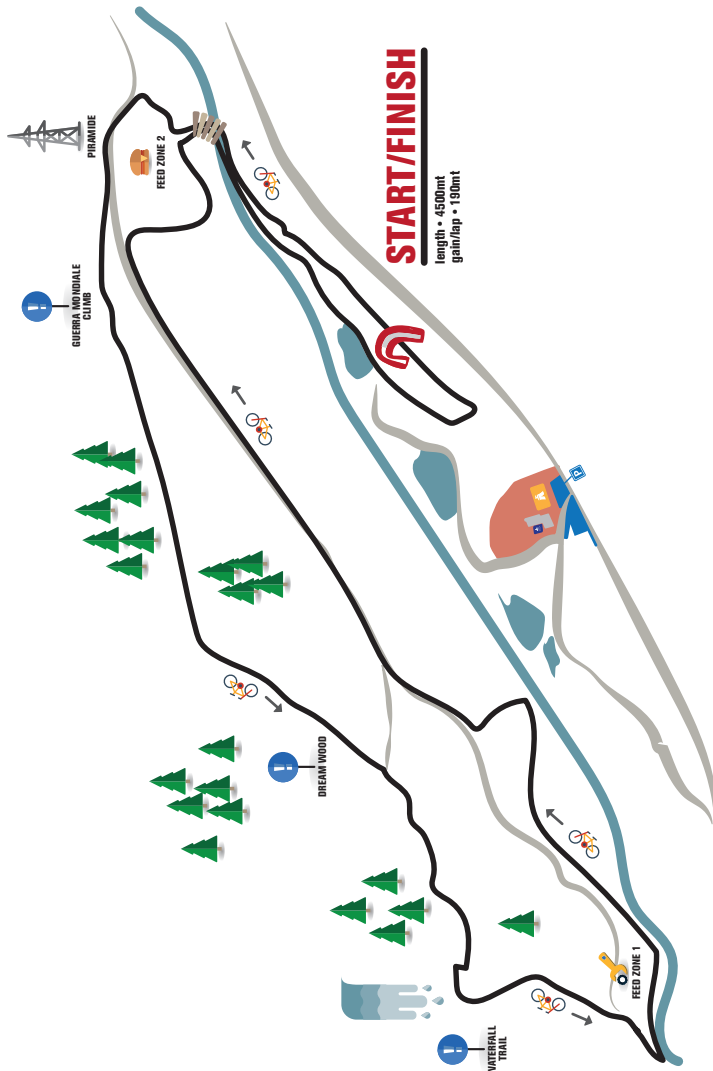

Val di Sole 2016, young athletes racing side by side with great Champions.

A world event dedicated to future champions. In Val di Sole 2016 Mtb World Championship there's room for youth sport too, thus on Vermiglio trails, playing host to Uci Masters Worlds for one week, on Sunday 4 September the Coppa Italia young athletes event will take place. A great contest featuring over 400 young riders. For one day the future stars will be able to virtually race side by side with the great champions.

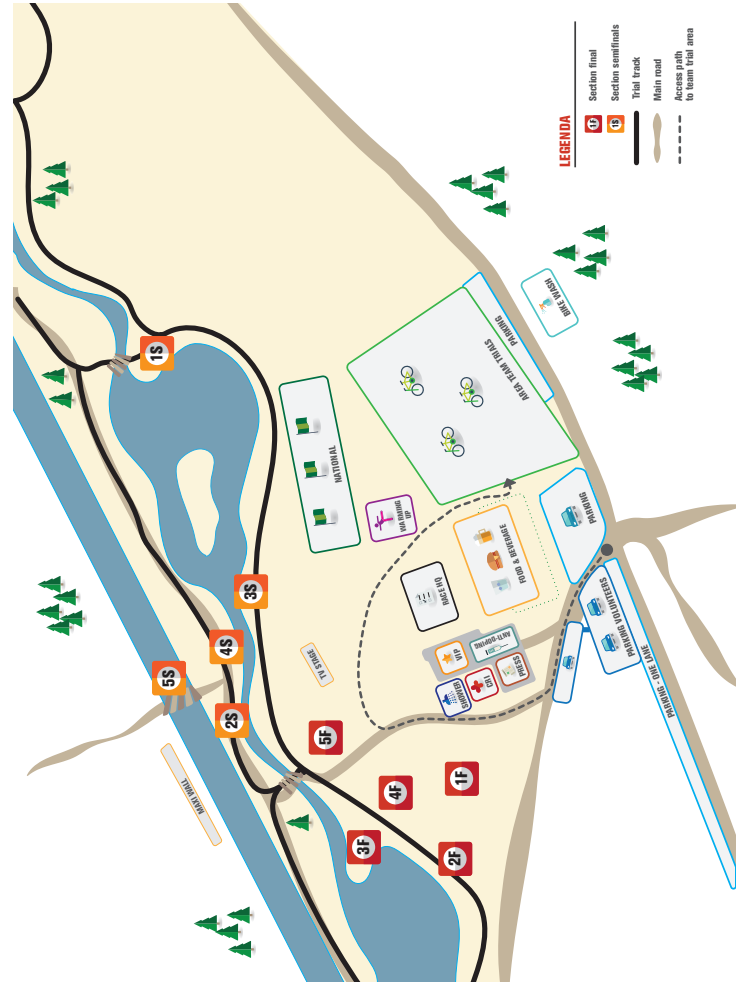

The Coppa Italia for young athletes has been included by the O.C. Great Events Val di Sole in the calendar of the Mtb World Championships as a clear sign of attention towards the future. In this way the world event in Val di Sole embraces the whole Mtb world: the young, the great champions and the masters. It's a true Val di Sole Mtb paradise...
