Women Elite Training on Saturday

- All 15 qualified Women Elite can train during the "Official Downhill Training" (8:15am – 9:15am)
- Women Elite Top-5 can train in both training groups.
- However, there will also be an opportunity for "the remainder of the 15 Women Elite qualified for the finals" to do a single run at 10:50am - 10:56am between the finish of the MJ race and the start of official training for the ME riders who have qualified for the Final.

Junior Top-10 Training

Following training periods will apply to the Top-10 Juniors:

- Day 1 training – Thursday : Top-10 Juniors will train in Group A.
- Day 2 training – Friday : Top-10 Juniors will train in Group B.

Protections

Due to the Italian National regulation all the riders on the DHI races (Training, Qualifying and finals) needs following protections:

- full-face helmet with visor
- knee protectors
- back protector or alternatively neck support
- full finger gloves
- long sleeved shirt

Without these protections, the riders will not be allowed to start.

Helmet Cameras

All riders who want to use a camera on helmet peak/visor, or on the bike, need to sign a waiver for this. The waivers will be available at the UCI secretary. Once signed, the waivers will be valid for all the season.

Team Bibs – B-Zones

We are continuing to strive for better security in the B-Zones during training and competition and are instructing marshals to ensure the only people allowed in a B-Zone are wearing a bib, this now includes any UCI staff or Commissaires. We have considered the needs of team staff to be present in B-Zones for coaching, video/performance analysis, or other purposes so a 'Team Bib' is available upon request. If interested, these will be available to pick up from the UCI office onsite but we do ask for a €50 refundable deposit to ensure they are returned at the last round in Snowshoe.
