4X – Waiver Information

As the UCI 4X World Championships will not be televised it will be possible for riders to wear cameras for qualification & Finals.

A **new waiver** must be signed (this is a different waiver to that signed for camera use during training for the World Cup), waivers can be picked up at the UCI office on the first floor of the building next to the podium (**not** the rider confirmation room where you picked up numbers).

Return completed forms to the same UCI office.
