1. INTRODUCTION

The UCI MTB World Championships Val di Sole 2021 will take place in Daolasa from 23 to 29 August 2021: a week of men's and women's races and events that will bring over 500 athletes from all over the world to Val di Sole, ready to win the world titles up for grabs. Together with them about a thousand people including professionals, volunteers, technicians, athletic trainers, mechanics and managers.

Grandi Eventi Val di Sole s.r.l. is the organizing committee of the UCI MTB World Championships Val di Sole 2021 an international event of primary importance for the promotion of the image of Trentino and Val di Sole, which will consolidate and relaunch the image of a territory that in summer lives for two wheels and outdoors. For Val di Sole it will be the third world championship over a 13-year period, from the first time in 2008 and then once again in 2016. It is a great opportunity to consolidate the image of a territory that lives for cycling, mountain biking, in addition to many other outdoor sports, which gives you the opportunity to discover all aspects of a bike product that has evolved over the years, and has now reached its full maturity. The choice to believe in events of this level has guaranteed an important promotional return for Val di Sole and for the whole of Trentino, which today is certainly one of the favorite destinations of the best bikers in the world.

The following pages present the **Prevention and Hygiene Protocol** for the management of the world championship event scheduled from 23 to 29 August 2021. The goal is to ensure maximum safety for all participants, applying every possible measure to be able to carry out the UCI MTB World Championships Val di Sole 2021 in a context where health risks are at a minimal level.

2. COVID-19 HEALTH AND SAFETY GUIDELINES

With the specific objective of creating and maintaining a safe environment for all participants, the Organizing Committee has identified a series of basic prevention and hygiene measures to be adopted before and during the sporting event by all participants and people who in various ways come into contact with the participants.

These basic preventative measures are listed below; they apply to all categories participating in the event and will be adapted, in the appropriate forms and ways, in all the locations of the event:

- Continuous information shall be provided to all participants, focused on all the measures in place and correct personal behavior that must be adopted before and during one's stay in Daolasa;
- Limited contacts outside of one's own workgroup;
- Use of a face mask at all times during the event;
- Constant hand sanitization, gel dispensers will be placed in all strategic points;
- Reduced capacity in all indoor and outdoor spaces, on all means of transportation and on ski lifts, to enable social distancing;
- Prohibited access to all areas of the event in the presence of common Covid-19 symptoms such as fever above 37.5 °, dry cough, fatigue, difficulty breathing, and in-depth analysis of one's state of health in the presence of less frequent symptoms such as soreness and muscle pain, sore throat, diarrhea, conjunctivitis, headache, loss of taste or smell, rash or discoloration of the toes or hands;
- Maintain proper personal hygiene, with the utmost care for personal cleanliness and respiratory hygiene behaviors such as sneezing in the elbow, using disposable handkerchiefs, as well as sanitizing one's own personal belongings (ex. computer and desk);
- Periodic cleaning and sanitizing of all areas and venues of the event.

In the broader context of prevention measures, the verification of vaccination certificates and / or Covid-19 test results for all those accredited to attend the event is of particular importance.

In fact, the organizing committee considers screening the participants to be of utmost importance, to ensure the organization of a safe event.
