TEAM VIDEOGRAPHER

RIDER POSITION ON BIKE

1.3.008: The rider shall normally assume a sitting position on the bicycle. This position requires that the only points of support are the following: the feet on the pedals, the hands on the handlebars and the seat on the saddle

The situation in mountain bike is significantly different to the Road but the spotlight is on the conduct of all riders, so please be aware we will enforce the following points:

- Riding with hands on the fork crown of the bike and not on the handlebars is forbidden and will be strictly enforced.
- Riding with forearms on the handlebars will be tolerated provided the rider is not riding in a group and the hands do not obscure the number plate.
